Raul Henrique

I'm 23 years old and looking for an opportunity to deepen my knowledge as a developer, share it in a team environment and build a career in technology.

EXPERIENCE

Gerens, Hybrid— *Front-End Developer*

SINCE DECEMBER 2022

Our team is responsible for creating a customer loyalty application for companies in Pernambuco.

For the development of this application we used React-Native, Figma, Node.Js, MySql, Trello, Git and a weekly meeting to discuss ideas.

Self, Remote — *Front-End Developer*

SINCE NOVEMBER 2021

Acting as a Self-Employed Front-End Developer, I had the opportunity to develop webapps using the best tools available (React.Js, Next.Js, SCSS and Typescript) and bring technological solutions to the most varied customers.

Volunteer Communicators, Remote — *Front-End Developer*

SINCE FEBRUARY 2022

I worked as a front-end developer with a team of volunteers, where we take digital services to NGOs that are unable to pay for the service.
I had the opportunity to analyze codes, test and also help develop sites in PHP and Wordpress.

EDUCATION

Systems Analysis and Development, Federal Institute of Education, Sciences and Technology of Pernambuco — *Technologist*

SEPTEMBER 2022 - JUNE 2025

I am studying ADS with extension in React.Js, Node.Js and React Native.
